

2017-2018 Membership Drive

The Nevada Union High School Theatrical Dance Program offers education in variety of genres and styles of dance to students and the community. The Dance Program continues to hold a record of excellence in Nevada County and has won numerous awards throughout the years for its outstanding accomplishments in Theatrical and Cultural Dance.

Dance is a rather expensive activity to keep up, seeing as there are a number of field trips per year, constant need of costumes, dance shoes, and dance lessons required. Not every dancer has the economic strength to keep their passion afloat. Since a very small amount of the dance department's funds come from the school district, the continued success of the program and its students rests largely with the generous community.

By selling Memberships to friends, relatives, and local businesses, students can receive much needed financial support for dance-related expenses. The Membership Drive will also help the dance department receive the additional assistance it needs to put on major productions. Our 2017-2018 production events include *Fall for Dance* (November 17 & 18), *Dance Tour* (November 29 & 30), *The 17th Annual Student Choreography Showcase* (February 1, 2, & 3), and our *Spring Dance Concert: Contemporary Classics* (April 26, 27, & 28). All funds raised from Basic, Family, and Premium Business Memberships will be deposited into the Dance Department's Associated Student Body Account to provide rehearsal and production supplies for all students.

Basic and Family Memberships: The first Basic Membership sold by a student will be applied to rehearsal and production supplies for all students. After the first \$35 raised by a student, he/she will earn 25 tokens for each subsequent Basic Membership sold and/or 50 tokens for each Family Membership.

Premium Business Memberships: For EACH Premium Business Membership the student sells, she/he will earn 75 tokens.

How do Tokens Work?

Tokens can be used to help with field trip costs, costume expenses, dancewear and shoes, enrichment classes, and show DVD's. One Token = \$1.00. Tokens not used by a student during the school year will roll over to the following year, until the student graduates. After participation in the dance program ceases, tokens are no longer valid.

Please help us ensure that the Nevada Union Theatrical Dance Program retains a continued standard of excellence! Thank you so much for your support!
